

**Your identity  
zoo is full of  
unique species**

**But the most exotic and  
unpredictable creatures  
live in the non-human  
identity (NHI) enclosure**

**These NHIs come in  
many shapes and  
sizes and can be elusive**

**What are they  
capable of?**

**How did they  
get here?**

**How many  
are there?**

**It's time to restore order  
to your digital zoo  
and tame the beasts**
